

ORIGINAL **KICKSTARTER** PRINT

Downtown Minneapolis #1

This photo was taken with a GoPro Hero 3+ Black Edition camera on a DJI Phantom Quadcopter flown by Tony Koop on January 11th, 2014 at 7:24pm. My initial objective for this flight was to photograph the Orpheum Theatre. It turned into my first attempt at photographing the Minneapolis skyline when I couldn't quite get the perspective I wanted of the Orpheum.
